Re: Docket No. 07-16

Dear Ms Secretary

The undersigned is the incoming President of the Bishop Street Exchange Club in Honolulu. I have reviewed the materials regarding M2Z Networks project.

As I understand it, the company will be offering free broad internet to almost everyone including small business. The Exchange Club is made up of many small businessmen. The service will help many people who can't get it now but would help small business in a great way.

While I speak for my self, I have talked to many in the Exchange Club and they think it a grand idea. I urge you to allow these people and small business owners to benefit from this opportunity

Very truly yours
